Notice to the EMPLOYER

The Family and Medical Leave Act (FMLA) provides that an employer may require an employee seeking military caregiver leave under the FMLA leave due to a serious injury or illness of a covered veteran to submit a certification providing sufficient facts to support the request for leave. Your response is voluntary. While you are not required to use this form, you may not ask the employee to provide more information than allowed under the FMLA regulations, 29 CFR 825.310. Employers must generally maintain records and documents relating to medical certifications, recertifications, or medical histories of employees or employees' family members, created for FMLA purposes as confidential medical records in separate files/records from the usual personnel files and in accordance with 29 CFR 1630.14(c)(1), if the Americans with Disabilities Act applies, and in accordance with 29 CFR 1635.9, if the Genetic Information Nondiscrimination Act applies.

SECTION I: For completion by the EMPLOYEE and/or the VETERAN for whom the employee is requesting leave

INSTRUCTIONS to the EMPLOYEE and/or VETERAN: Please complete Section I before having Section II completed. The FMLA permits an employer to require that an employee submit a timely, complete, and sufficient certification to support a request for military caregiver leave under the FMLA leave due to a serious injury or illness of a covered veteran. If requested by the employer, your response is required to obtain or retain the benefit of FMLA-protected leave. 29 U.S.C. 2613, 2614(c)(3). Failure to do so may result in a denial of an employee's FMLA request. 29 CFR 825.310(f). The employer must give an employee at least 15 calendar days to return this form to the employer.

(This section must be completed before Section II can be completed by a health care provider.)

_____

SECTION II: For completion by: (1) a United States Department of Defense ("DOD") health care provider; (2) a United States Department of Veterans Affairs ("VA") health care provider; (3) a DOD TRICARE network authorized private health care provider; (4) a DOD non-network TRICARE authorized private health care provider; or (5) a health care provider as defined in 29 CFR 825.125.

INSTRUCTIONS to the HEALTH CARE PROVIDER: The employee named in Section I has requested leave under the military caregiver leave provision of the FMLA to care for a family member who is a veteran. For purposes of FMLA military caregiver leave, a serious injury or illness means an injury or illness incurred by the servicemember in the line of duty on active duty in the Armed Forces (or that existed before the beginning of the servicemember's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and manifested itself before or after the servicemember became a veteran, and is:

(i) a continuation of a serious injury or illness that was incurred or aggravated when the covered veteran was a member of the Armed Forces and rendered the servicemember unable to perform the duties of the servicemember's office, grade, rank, or rating; or
(ii) a physical or mental condition for which the covered veteran has received a U.S. Department of Veterans Affairs Service Related Disability Rating (VASRD) of 50 percent or greater, and such VASRD rating is based, in whole or in part, on the condition precipitating the need for military caregiver leave; or
(iii) a physical or mental condition that substantially impairs the covered veteran's ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service, or would do so absent treatment; or
(iv) an injury, including a psychological injury, on the basis of which the covered veteran has been enrolled in the Department of Veterans' Affairs Program of Comprehensive Assistance for Family Caregivers.

A complete and sufficient certification to support a request for FMLA military caregiver leave due to a covered veteran's serious injury or illness includes written documentation confirming that the veteran's injury or illness was incurred in the line of duty on active duty or existed before the beginning of the veteran's active duty and was aggravated by service in the line of duty on active duty, and that the veteran is undergoing treatment, recuperation, or therapy for such injury or illness by a health care provider listed above. Answer fully and completely all applicable parts. Several questions seek a response as to the frequency or duration of a condition, treatment, etc. Your answer should be your best estimate based upon your medical knowledge, experience, and examination of the patient. Be as specific as you can; terms such as "lifetime," "unknown," or "indeterminate" may not be sufficient to determine FMLA military caregiver leave coverage. Limit your responses to the veteran's condition for which the employee is seeking leave. Do not provide information about genetic tests, as defined in 29 CFR 1635.3(f), or genetic services, as defined in 29 CFR 1635.3(e).

(Please ensure that Section I has been completed before completing this section. Please be sure to sign the form on the last page and return this form to the employee requesting leave (See Section I, Part A above). **DO NOT SEND THE COMPLETED FORM TO THE WAGE AND HOUR DIVISION.**)
