

Well-established Urology practice seeks to add an additional BC/BE Urologist to their busy, hospital-employed practice. This group of 5 physicians and 1 Nurse Practitioner offers a wide range of outpatient services at two locations for diagnosing and treating adult urologic conditions including cystoscopies, testosterone pellets, ultrasound-guided prostate biopsies, and complex urodynamics. This practice provides treatments for patients in the hospital setting to include da Vinci prostatectomy and partial nephrectomy, ESWL, urological reconstruction, and vasectomy reversals.
